We promise to take extremely good care of your Stuffy, who will be treated with the same love and care it is used to receiving from your child. If you prefer, or if you don't think you can sneak your Stuffy away from your child, you may also send photos along with the order form rather than send us the actual subject. Please only send photographs if they are sufficiently detailed for our artists to capture the textures, the colors, and the condition of your Stuffy.
